

## Introducing the second join

A join from a short letter to a tall letter is made to a point roughly half-way up the tall letter. The six letters below are tall letters, but notice that the t is only three-quarters of the height of the others. These letters are Set 4 letters.

b f h k l t

Look closely at these examples of joins from short to tall letters.

eb af ch ck il et

The pattern for the second join is also the swings patterns, so practise it again with an even swing.

u u u u u u u u u u

Complete the line of the letter f carefully.
