

CDPS PRIMARY 1: FINAL GRID DATE: June 29- July 3rd

PLEASE READ

Welcome back, everyone! This is the last week in Primary 1! We hope you've enjoyed getting to know your new teachers over the last few weeks and are feeling confident about moving up to P2 or P2/3 after the summer holidays.

We've got a few suggestions for this week - as always, these are just ideas and are not compulsory.

A final note: we have loved having you all in our classes this year and hope you have enjoyed your time in Primary 1! Thank you for your hard work, both in school and over lockdown period, and thank you for engaging with us so well over this time. Have a wonderful summer and please say hello when you see us again in August!

Miss Conacher & Mrs Baird

Make a Summer Bucket List Talk to someone at home about things you'd like to do over the summer and make a list. You can tick them off the list as you complete them over the holidays.	Grow Something You could try planting a flower seed in a pot or in your garden and see how much it grows over the summer. You could take pictures every week to help measure how much it has grown.	Get outside! Remember all the fun we had in the nature garden? Why not head outside to a local park and have fun in the outdoors. What can you find? What could you build? You might need your wellie boots!	Watch Our Celebration Video <u>Emailed to you on Wednesday!</u> Enjoy remembering all the fun we've had in Primary 1 by watching our celebration video.
You can still contact us with any questions using our normal email addresses: p1acdps@gmail.com / p1bcdps@gmail.com . However, if you have any questions about next year, please continue to contact the new class teacher :)
