

Teams Meet

Please join us on Microsoft Teams on **Thursday 2nd July at 10.00am**

We would love to 'see' you all and get together for a little chat before the term comes to an end and the holidays begin.

It has been set up nationally so that the staff members can be both heard and seen on the screen, but that the children's video is not visible to others. Their microphone, when switched on, will allow them to be heard by others in the group.

This will be a very informal chat whereby the children will be able to have a little chat and tell their friends about what they have been up to over the last few weeks or share any news that they wish to.

We are also hoping to have a little 'Primary 3 Quiz', with some questions about the past year. So, please have some paper and a pencil handy!

We might also be able to share our favourite memories from Primary 3 and think about what we are looking forward to in Primary 4.

There is absolutely no pressure for your child to contribute if they are feeling nervous or shy, everyone is welcome to just log in and listen, or type a message to their peers.

Here is the information on how to connect;

Miss McCall has created a video for you all to follow. It shows you how to access the Teams Meet and how to join the 'chat'.

Here is the link to the video –

<https://www.loom.com/share/55a7c184bf734f75b6327a35922c923b>

Please do get in touch should you be experiencing any technical issues and we will try our very best to assist where we can.

You will need to use your child's Glow login that was on the sheet that was sent home.

If you add **@glow.sch.uk** to the end of the username, it should help with logging in.

'See' you soon!

Mrs Philpott and Mrs Potts
