

Castle Douglas Primary - Home Learning - Primary 2. Week 2

We hope you are all fine and keeping safe. Here is the grid for this week. We hope you enjoy trying out some of these activities. Please do not feel you have to try all the tasks. They are ideas and suggestions so please do not worry if you haven't completed them all. Please choose the ones you feel you would like to do. Please keep in touch and email me to say hello or to share your learning with me at p2cdps@gmail.com if you can.

<h1>Spelling</h1> <p>made with sparklee.com</p> <p>Please use the Education City Website to look at our spelling sounds this week and try the activities.</p> <p>Use the spelling sheet for this week from last week's grid to look at your new words.</p> <p>Ask a member of your family to write your spelling words and leave a letter out. Can you fill in the missing letter?</p>  <p>Please continue to practise your Nessie Poem so I can hear you say them.</p>	<h3>Art</h3>  <p>This week we are going to try to make some pop art. Fold a piece of paper in half and then half it again. You should now have four sections on your sheet. In one part draw a Belted Galloway cow. Colour it in and outline it in black. Then colour in the background another colour. Do this in every section of your paper using different colours.</p> 	<h3>Reading</h3> <p>Please use the Oxford Owls website to look at some of the reading books I have set a book for each group to look at in Oxford Owls. You will find everything in P2 Reading Activities.</p> <p>Please keep reading and looking at the key words. You will find each groups words below the grid</p> <p>There is also comprehension work on Education City to try too.</p> 	<h3>Language</h3> <p>We were working on the alphabet sounds and names just before the holidays. To remind us what we were doing I thought you could look around your house and see if you can find something that begins with every letter of the alphabet. I have put a sheet below to record your answers or you could tell a member of your family.</p> 	<h3>Language</h3> <p>We were working on describing stories before the holidays. Please look at the link My Favourite Toy below the grid to help you write a story about your favourite toy.</p> <h3>Handwriting</h3> <p>We were all doing so well with our handwriting last term so perhaps we could use the handwriting sheet to remind us how to form our letters correctly. Remember to start on the green dot and follow the arrow.</p> <h3>French</h3> <p>Revise counting to ten in French by watching BBC Bitesize. Practice your numbers forwards and backwards. What are you best at? Please see link below.</p>
---	--	---	--	--

Maths

How many soft toys or cars or books or action figures or dolls to you have? Choose one type of toy.

Try to estimate (guess) how many you have. Now go and count them.

How many did you have? Did you estimate correctly?

Use the Topmarks game Chopper Squad to help with counting one more and one less than. Click on the link below and try some of the activities on one more or less.

Maths

Hide a soft toy in the house or garden. Make a treasure map like a pirate to show where it is. See if a family member can follow your map to find the toy.

Roll One Dice

1. What's the double of that number? Write doubles sums, e.g. $2+2=4$

2. Count on from that number adding 10 each time, e.g. 3, 13, 23, 33, 43, 53, etc. Can you count back now?

Maths

I have put further activities and work sheets on Education City for you to try. Use the Education City Link above the grid. Put in your user name and password and click on classwork.

Write down 4 numbers. Put the numbers in order from smallest to largest. Choose another 4. Now put them in order from largest to smallest. Try other examples.

Moving on from last week's dice work please roll 2 dice and write down a 2 digit number. E.g. roll a 3 and a 4 to make 34 or 43. What is the number? (Can you recognise it?) What are the 3 numbers before and after that number?

Health and Well Being

This year we have been working on filling our buckets with kindness. We did lots of kindnesses for each other in school. I thought we could make up a grid of things we could do to be kind at home. Please could you e mail me your ideas and I will make them into a grid for everyone to try.

We were looking at Emotion Cog Wheels this year. Can you tell an adult in your house what makes you feel happy? Discuss how it makes you feel inside. Draw a picture of you doing something that makes you happy.

Health and Well Being

Try some of the Daily Mile Bingo activities during the next three weeks.

Time for Tea.

Put a mug on the ground and see how many times you can throw the tea bag into the mug.

Games

P6 have been writing to a class in Australia and they would like to know what games we play in Scotland. Perhaps you would like to draw a picture of your favourite game and write some sentences about how to play it. P6 will then send it to Australia to see if they would like to play it there. Please send your ideas to P6cdps@gmail.com so they can send your picture to Australia.
