

Hello Everyone,

In RME this week we are looking at Baptism also known as a Christening. This is a special family and Christian religious ceremony which welcomes a baby into two families, their own and the church. Watch the following clip and talk about it with someone else. You may have photographs, a certificate or christening gifts to look at at home. Do you have Godparents ? If you have a printer you could print out and complete Sam's Baptism, If you don't, you could draw a picture of a Christening gift for a baby.

In Health this week we are looking at growth and how things change as we get older. Have a think about how you have changed since you were a baby. See if you can find some photographs, clothes or toys from when you were little and use them to complete the I am Different sheet or divide a page in two and draw you as a baby with things that you had or used then around you and another picture with you now.

If you were adding another verse to the following song what would you say has changed since you were a baby?

Sam's Baptism

The minister makes a sign of a cross on Sam's head with water.

Sam's parents promise to help Sam learn to be a Christian.

People give Sam gifts and have a special party.

Sam's Mum and Dad take Sam to the church.

I am Different

As we grow older, many things change.

We change the way we look and the things we do and need.

1. Are you different from when you were a baby? yes no
2. Draw pictures to show the differences between being a baby and how you are now.

When I was a baby ...

I looked like this

I wore these clothes

I played with these toys

Now that I am in school ...

I look like this

I wear these clothes

I play with these toys
