IDL - Soundtrap Login Information

Soundtrap offers a series of online, music technology workshops to create your very own soundtracks. John, (the man in the videos!) had planned to visit us this term in school. Instead, you can access the workshops remotely, every week on his website.

Each week, I will post an update as to what videos you are to watch that week to complete the relevant tasks.

Follow the link below to access the webpage. Scroll down and you will see 4 videos. Start with video number 1.

Try to complete the first 2 videos this week. **The password for all students is Castle21**
