<p><u>Literacy</u> <u>Reading</u></p> <p><u>Virtual Library</u> Click here to check out Miss McCall's social, emotional and moral virtual library!</p> <p><u>Book Detectives</u></p> <p>This week's role is "Summariser". What is the story about? What are the main points or ideas of the text? Write a summary of what you have read. You don't have to read a whole book to do this; you could summarise a chapter or the pages that you have covered. Ideas for openers might be: First, Then, Next, After that, Finally.</p> <p>*Oxford Owl has a free eBook library. Sign up for free by clicking here then access free eBooks by clicking here</p> <p><u>First News</u> The "First News" children's newspaper are doing free online subscriptions during school closures. Learners just need to enter their email address and they will be sent a code to access.</p> <p>https://subscribe.firstnews.co.uk/free-downloadable-issue/</p>	<p><u>Literacy</u> <u>Practise spelling words</u></p> <ul style="list-style-type: none"> Practise your group's words by choosing active spelling ideas from the spelling sheet. 	<p><u>Literacy</u> <u>Writing</u></p> <p>Introduction to discursive writing.</p> <p>Have a look at some of these topics for discussion or write down one of your own opinions.</p> <p>Now write some reasons for and against the argument. Feel free to use one of these planning sheets to help set it out.</p>	<p><u>Literacy</u> <u>Talking & Listening Ideas</u></p> <p>Put on a TV programme for you and a family member. Listen to what is going on with your eyes closed. No peeking! See if you can summarise the programme to the other person after it has finished.</p> <p>French - Weather</p> <p>Click on the link below to access BBC bite size French. See next page for IDL activities.

<p><u>IDL (Inter-Disciplinary Learning)</u></p> <p><u>Topic</u> Extreme Weather</p> <p>New topic time! We're going to be learning about extreme weather. Click here to see some awesome real-life footage of what is happening on our planet today.</p> <p><u>Extreme Weather Challenge</u> The aim of the challenge is for you to understand the layers of the atmosphere, know some instruments that are used to measure weather data and be aware of the jobs that people do in order to study climate. Click here to get started!</p>	<p><u>IDL</u> <u>Topic</u> Extreme Weather</p> <p><u>Weather Forecast</u> Plan and present a weather forecast for your family. Why not film and tweet or email it to me? Feel free to include some extreme weather. Hint: Make sure you know what the effect of the weather you are talking about will be. For example, a hurricane causes high winds which could blow things over. Similarly, a tsunami would cause devastating flooding, resulting in people having to evacuate their homes. We will look at some of these types of extreme weather in more detail over the next few weeks. Click here to see today's weather forecast. Click here to see an extreme weather forecast.
