P6-7 1200m

YOUR RUN, YOUR TIME, YOUR OWN COMPETITION

Dumfries & Galloway

[Super 4's virtual cross country](#)

Your run, your time, your competition! Run in your local area, whether you are starting to run, improving your fitness levels, improving your performance or simply wanting to enjoy yourself. Watch this [information video](#) from Active Schools. You can run any time from Monday to Sunday each week.

- 🏆 Run 1: 1-7th of March
- 🏆 Run 2: 8-14th of March
- 🏆 Run 3: 15-21st of March
- 🏆 Run 4: 22-28th of March

The distance recommended for P4 is 800m. There are lots of free running apps available to help you plan and measure your route. Log all your runs, using this [form](#).

IDL

Careers Cards

Talk about what you would like to be when you grow up. Try out these different careers at home. Complete the tasks on your chosen career cards. Which of these four did you enjoy most? Remember to share any photographs.

[Hair stylist](#)

[Paramedic](#)

[Fashion Merchandising](#)

[Vehicle Technician](#)

Mother's Day

🌸 Mother's Day is on Sunday the 14th 🌸
Use this [template](#) to make a special card for Mum. It's good to remind her, and thank her for, all the extra roles she has had to take on this year. How about personalising the card with a picture of you and your mum, or a nice drawing or a message?

Life Skills

Spend your last week at home having a go at learning these important life skills. Ask an adult or older sibling to help you, they might have some good advice and top tips for you. Record the life skills you have tried or discussed in your jotter. You could also highlight or tick them. Choose no more than 3 skills to really focus on throughout the week.

STEM

[Biscuit dunking experiment](#). A really fun way to find out which biscuit is the best for dunking!

To do this experiment you will need:

- 🍵 One mug, cup or glass of water.
- 🍪 Any three biscuits of different types.
- 🖋 Pen or pencil.
- 📄 [Worksheet](#).
- 🔊 Access to this [soundtrack](#).

How to do this experiment:

- 🗣 Discuss the [questions](#) before beginning.
- 🗣 Read through the [method](#).
- 🗣 Write your predictions on [page 1](#).
- 🗣 Carry out the experiment.
- 🗣 Write your results on [page 2](#).

Remember to share any photographs of your experiment. Happy dunking!

Topic

When we return to school our new topic will be Africa. Before beginning a new topic, we always start with what is known as a KWL grid.

This helps establish what we already know, what we want to learn and then, at the end of the topic, what we have learned.

Write down anything you already know about Africa and then write down what you would like to learn about Africa. You can use this [template](#). You shouldn't be doing any research at this stage.

This helps me plan our topic so that we cover the things you are interested in learning about and we avoid the things you already know.
