## SPELLING INFORMATION

Write out your groups spelling words in your jotter on Tuesday, Wednesday and Thursday. You could use the look, say, cover, write and check method. You will find 24 activities on the spelling menu. Choose and complete one activity from the menu each week.

Choice is important because it helps you connect with new concepts and allows you to identify activities which fit with the way you like to learn. You may choose to play to your strengths one week and take on a more challenging activity the following week. The choice is entirely yours. There is even the opportunity to create your own activities or skip a week. The activities become more challenging as you move from left to right, with orange being the trickiest. I hope you enjoy the activities and most of all have fun while learning.

Your jotter does not need to be returned every week. All jotters will be collected on the last week of each term. If you require any additional printed copies or stationery, let me know and I'll send some home.

Our words will be introduced in class on Monday and we will do a spelling test on Friday. If the suggested homework days do not work for you, please do what is manageable for your family. You might find a different combination suits you best.
