

P6 Home Learning Grid – Transition Weeks

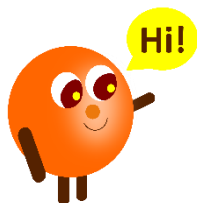

Hello boys and girls. Please find below some activities for you to complete over the next two weeks. There is no expectation to complete all four activities, just do what you can. I hope these will help you to feel excited about your move into primary 6 and your return to school. We know many of you already and look forward to having you back in our class! Please send any of your completed activities to P56CDPS@gmail.com. We look forward to hearing from you. Mrs Potts and Mrs Hart 😊

Introduce Yourself

Have a chat with your family about what you are most looking forward to in primary 6 and what you hope to achieve in the next year. Think about the different things that you would like your teachers to know.

Record an Introduction video of yourself and send it to our class email. It will be great to see you all and hear about what you would like to do and achieve in P6 😊.

The Worry Box

Read [the story](#) about Frankie moving up to a new class at school. It talks about all the things that he is worried about and shows the way in which he deals with them.

We all have worries about coming back to school. [Create and decorate](#) your own worry box and [write down](#) any worries you have! Remember to share these worries with your family.

You can also email us any worries you have about moving up to P6 to P56CDPS@gmail.com. This way we can hopefully relieve some of your worries before we start our P6 journey 😊.

Learn About Your Teacher

On the next page you will find your very own flat teachers. We may not be able to say 'hello' to you in person, so this is the next best thing! You can print us out if you have access to a printer or draw us and cut us out.

Can you take us on some adventures with you throughout the next two weeks? Introduce us to your family, pets and show us your favourite things to do. Send us some photos of the things that we get up to.

A Star Full of Me

Download a star template [here](#) or draw your own. Write your name in your star and fill it with pictures and words that best describe you. You may want to include hobbies, interests and characteristics that describe you!

Send us a copy of your star so that we can create a colourful display for our primary 6 classroom.
