Primary 2/3 welcome activities

Here are some activities you may want to try over the **next two weeks**. I hope you enjoy them. Please email me to say 'hello' and to share pictures of your activities by using the P2/3 email address – p23cdps@gmail.com

[Click here to find your 'Flat Teacher'](#) Can you take me on some adventures with you? I would love to find out about what you enjoy doing at home. If you are unable to print me out you could draw your own flat Miss Bell.	I am sure that this year more than ever, lots of you will be feeling a wide range of emotions about your return to school after the summer holidays. [Use these rainbow and cloud templates](#), or draw your own, and think of some of the things that you are excited or worried about. Email me your pictures to share your thoughts with me.	[Read this story](#) with an adult. It is about a group of friends who work as a team. We will be a super team in Primary 2/3! Have a chat at home about what you are most looking forward to in Primary 2/3. I would love to hear your thoughts or any questions you might have. Please email me.	Scavenger Hunt [Use the scavenger hunt sheet](#) to try a hunt around the house and garden. You can do it on your own or in teams. Can you find something for every letter and either write it down or show it to one and other? You might want to agree that some letters are too tricky to find.
	Can you create your own 'All About Me' T-shirt'? [Use this template](#) or draw your own and fill your t-shirt with pictures or words that will tell me all about you! We can display them in the classroom.	Can you send me an email of your favourite joke? To give us all a chuckle, I would love to hear your jokes. I will collect them all together and publish them next week for us all to enjoy.	Your Star What would you like to achieve this year? It might be 'to ride my bike without stabilisers', 'to do a cartwheel', 'to learn to skip', 'to count to 100', 'to do more keepie-uppies', 'to bake a cake' or anything **you** can think of! [Use the star template](#) to write and draw it or remember it until we are all together and then we can display them in our class.
