

Castle Douglas Primary

Transition Activities for P2

Hello everyone,

Welcome to Primary 2. I have made up some activities in the grid below to help us begin to know each other. I am looking forward to seeing you all next year where we will have lots of fun learning new topics. Please keep in touch and email me to say hello or to share your learning with me at p2cdps@gmail.com

From Miss Newall

|--|--|---|---|
| <p>So I can get to know you please could you draw a picture of yourself and colour it. Then I would like you to think of three or more words to describe yourself. These words perhaps could be cheery, helpful or happy. Could you write these words around your picture? Try to draw a frame around it like the one below so we can hang it up in our class next year.</p>  | <p>I have put a letter below about Miss Newall your flat teacher. I am hoping we will go on lots of adventures together. Please share with me via our email some of the activities you have done. There are lots of adventures for us to go on but please only choose a few. The ideas for the flat teacher are for us to try over the next two weeks. I am looking forward to lots of exciting adventures. If you can't print me out then please just draw your own flat Miss Newall.</p> | <p>Listen to the story The Old Toy Room with a family member. Click on the link to get started. https://www.youtube.com/watch?v=aDFA24nK8dU</p> <p>My favourite toy was a furry teddy that had a great big bow around his neck.</p> <p>What is your favourite toy?</p> <p>Can you ask your family member what their favourite toy was and why they liked it? Could you both draw your favourite toys and then talk about the similarities or differences.</p>  | <p>I am sure you will have lots of questions you would like to ask about P2. Perhaps you could make a message for a class jar. We could write down something we want to do in P2 and something we are feeling unsure about. We could put these in the class jar and talk about them in school or you could email me them.</p>  |
