

Hello!

To start off our postcard, we learned and watched a video about 'Foley' and what a 'Foley Artist' does. A foley artist is someone who records the sound effects for movies. We found this very interesting!

Next we chose a castle from our local area to write a story about. We used this as a base to create our own poem. We firstly discussed ideas about our characters, and then decided our plot. We found this very easy as we were able to work together as a group. Our teacher was then able to put together a poem based on our ideas.

We went through our poem and found all the possible sounds we could, and recorded them during class time to bring the story to life. This was one of our favourite parts! We then practiced speaking the story out loud, and then our teacher recorded us speaking our poem when we were ready. It was very fun!

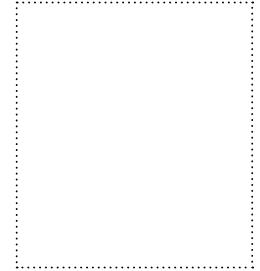

Next, we learned about melodies or tunes, and made our own tune using 'higher or lower' in pitch, and 'long or short' in length, for each note. We also decided that since our poem was spooky, that our tune would be slow and dark sounding.

Lastly, we drew pictures for the front of our postcard, and picked our favourite!

We hope you enjoy!
