

Literacy Reading/Writing/Grammar/Spelling

This week we will continue to develop our knowledge and understanding of Scotland by doing a lot of activities related to the book 'Neeps and Tatties' by Carey Morning. Please read the story using this link.

Neeps_and_Tatties_Carey_Morning_Ann

There are then several ideas for reading/spelling and writing in the following grid. Remember rhyming words sound the same at the end of the word e.g. weel,skeel.

Neeps and Tatties Reading Tasks - P3 r

Literacy Reading and comprehension (to help us read and understand texts)

Last week you read 'No Such Thing as Nessie' by Chani Mcbain. This week I would like you to read 'Hamish the Highland Cow' by Natalie Russell and do the comprehension questions related to one of the books. You might also like to send me a message about which one you liked best and why?

Literacy Grammar

Play this game to remind you about **NOUNS**. Remember nouns are naming words (cat,ball,pen)

[Noun Explorer Game - Grammar - Sheppard Software](#)

Literacy Spelling (to help us learn new words for reading and writing)

Gp.1 (ew) few,new

Gp.2 (Assessment of magic e)

Gp.3 (ai) nail, hair

Spelling lists and worksheets will be added for each group under the grid. Remember to Read, Cover, Write and Check your words. You could also play noughts and crosses with another person to have fun while learning them.

There is also a good website that you can input your spelling words and it makes a wordsearch for you. Try it out!

www.abcya.com/games/make-a-word-search

Numeracy (Add stories)

Practise doing your add facts on a piece of paper. I will send you a video on dojo to remind you how to do it and there is a link below to practise.

Gp.1 Add stories of 11,12 and 13

Gp.2 add stories of 8,9 and 10

[Robot Addition \(topmarks.co.uk\)](http://www.topmarks.co.uk/Robot-Addition)

Numeracy(1 more 1 less, 10 more 10 less)

Gp.1 You may need a 100 square to help you do these, but remember when it is ten more,you add to the tens part of the number e.g 17 ten more 27

Gp.2 You may need a number line to 20 to help you e.g

Less		More
7	8	9

Worksheets and help sheets under the grid.

Maths(time)

We have been learning about days of the week,months of the year and seasons and now we are going learn about telling the time both with a clock face and a digital clock. I noticed some you have watches already so some of this may be revision for you. I've set some **Sumdog** tasks for the groups but the following link can be challenging for different levels as well.

Interactive game

[IXL - Match analogue and digital clocks II \(Year 1 maths practice\)](#)

Topic **Scottish Animals**

We are continuing to develop your knowledge and understanding of our topic 'Scotland' by doing some research on a Scottish animal. What kind of animal is it; a bird, a mammal, a reptile, a fish or amphibian? What kind of **habitat** does it live in? What does it look like? etc. You can find out facts on lots of websites (remember to ask your parents to check that the websites are safe) but you may also have books at home that you can search in for information e.g an Encyclopedia. The following worksheet will help you plan your FACT FINDING MISSION.

Animal Fact File
PDF.docx

Other **Music**

Mrs Picken, one of our Music advisors has produced some SWAY videos to teach you how to sing two very famous Scottish songs. I hope you enjoy learning them. She also discusses following a beat and learning about the Violin, which is used in lots of Scottish music.

[Music P1-4 \(office.com\)](#)

Other **P.E**

[Mrs Gray P.E lesson](#)

Other **Art**

[Mrs Harris -Art lesson link](#)

Other **Science**

More about water. We have had lots of ice and snow and some of you made ice gardens, snowmen and ice bubbles. These were solid forms of water, however this week I would like you to do some experiments with the liquid form just using water from the tap. You will learn about **dissolving**. I hope you have fun testing which items dissolve. Make sure you get permission from an adult before doing your experiments.

[1st Level Materials and Dissolving - Google Docs](#)

Other **Active Brain**

Daily Brain warmers. Each day there is a selection of activities to get your brain working. Remember to do some Brain Gym or Just dance to get you moving too.
