

Literacy-Writing

We are going to learn about note taking

Watch this [Sway presentation](#) for instructions for your task this week.

Watch this BBC Bitesize video clip titled [Neil Armstrong Prediction](#)

Before watching the video write what you think the video will be about.

Note taking

During the video take some notes about what is happening and the information you are being told.

Summarising

After watching the video and taking notes, summarise what happened in the beginning, middle and end of the video in **full sentences**.

Opinion

What did you think about the video? Tell me whether or not you liked it and **why**. What was your favourite part?

The worksheet for completing this task will be on Teams.

Teams>Literacy>Files>Writing>Note Taking Activity

Upload your completed worksheet to the Teams assignment called **Note Taking Assignment**.

Literacy-Spelling

Practice spelling words you have learned so far this term.

These will be on Sumdog for you to practice under a challenge called 'Spelling revision'.

From Thursday to Sunday a spelling test will be available for you to complete on Sumdog.

Make sure to do the spelling challenge before doing your spelling test!

Write 5 sentences using your spelling words.

Can you find any items around this house with your spelling words?

Create either a *crossword* or *wordsearch* using your spelling words. See if someone at home can solve it.

Templates for this will be in the Spelling folder in Teams.

Teams Meeting

We will have another Teams meeting this week on Tuesday at 1:30pm.

This week I would like you to come prepared with *2 truths and a lie* to tell us about yourself-we will try to guess what your lie is!

Literacy- Reading

Read the new books your group has been assigned.

You can read these over the next 2 weeks.

Instructions for accessing the books on Oxford Owl are on the Literacy channel on Teams.

SIMON group: The Big Breakfast

DONALDSON group: The Lazy Giant

DAHL group: Doohickey and the Robot

WALLIAMS group: Journey to Mars.

Send me a video of you reading some of your book aloud- I would love to hear it!

Can you think of some questions you could ask about your book?

If you finish reading your book then why not choose a different book to read on Oxford Owl-let me know if you read any other books!

Continue reading any books you have at home and let me know what you are reading!

Fairtrade reading

It is Fairtrade fortnight so I would like you to learn about what Fairtrade is by completing this reading task.

Select the appropriate level for you: 1, 2 or 3.

You will find these in

Teams>Literacy>Reading>Fairtrade Reading

FAIRTRADE
FOUNDATION

Maths

Expressions and equations

We are going to learn about using symbols.
Revise using the greater than and less than symbols.

[Number Gator Song](#)

Watch this [video](#) about how to compare different sums and amounts using the symbols.

Make 'sum' cards and symbol cards $<>+ \neq$

Patterns

We are learning to identify patterns.
Think about when you might see patterns in real life-
times tables, wallpaper, tiles etc.

Can you think of anymore patterns in real life?

Try to complete these pattern worksheets

[Shape Patterns](#)

[Number Patterns](#)

Create some patterns of your own

1. A shape pattern
2. A number pattern
3. A pattern using objects you find outside-sticks, stones, leaves etc.

Send me pictures of the patterns you create.

Sumdog Challenge

Another Dumfries and Galloway Sumdog contest starts on
26th February until 4th March.

Lets see how high up the table we can get!

Maths

Multiply/divide

Watch the [Supermovers](#) videos to help you practice your times tables.

Triangles

Watch this [video](#) about division using sharing.

Squares

Watch this [video](#) about division using your times table knowledge.

Complete the division questions on Teams using these strategies to help.

Play this [sharing game](#) to help you practice.

Triangle Maths Group

Last week, you watched videos of Mrs Mclean demonstrate 2-digit mental addition and subtraction using the partitioning method.

Can you complete these snappy maths worksheets as quickly as you can using your mental strategies?

[Addition Questions](#)

[Subtraction Questions](#)

Art

Try one of these art lessons from Mrs Harris.

[Collage](#)

[Optical Art](#)

Topic Maths

3D Shape

Watch the [BBC Bitesize 3D Shape video](#) & complete the quizzes. Next, watch the [BBC Bitesize 3D Properties video](#) and complete the quizzes.

Look at the 3D shape PDF. This document shows you the names of 3D shapes as well as their properties, which means how many flat faces, edges and vertices (corners) each shape has. Try to remember the names of some of these shapes if you can.

You could try to make some of your own 3D shapes using construction materials, nets or even some cocktails sticks with gum sweets, play dough or blue tac for the vertices. I'd love to see photos of your creations!

Music

Our Feis Rois music sessions will be continuing!

This will be on Thursday from 2:20pm - 2:50pm.

Hopefully as many of you can join in as possible, it has been great fun so far!

Go on the Feis Rois Teams page to check what your task is for this week.

- Find sounds to go with the smugglers story from last session.
- Record 5 different sound you hear outside.

Kate Picken Music

Join in with these fun music lessons from Mrs Picken:

[Primary 1 - 4 Music Lesson](#)

[Primary 5 - 7 Music Lesson](#)

STEM

This week I would like you to complete some STEM activities.

Paper Plane

You all enjoyed trying to make paper planes in class so I would like you to try these paper plane challenges.

Try to complete this [paper plane challenge](#)

Try some of these different designs [paper plane designs](#)

Let me know which design went furthest and could carry the most 'cargo'. Send me a video on Dojo of you testing out one of your planes.

Space Rocket

I would like you to design and create a rocket model to go to the moon (like Neil Armstrong).

Watch this STEM with Mr N video about some different ways to make [rockets](#) that you could try if you like (with some adult help).

Design your rocket on a piece of paper first. Think about what items at home you could use to create it: toilet roll tubes, empty cereal cartons, tins, plastic bottles, cardboard- get creative!

After you have designed your model, create it.

Why not name your rocket too, the name of the rocket that took Neil Armstrong to the moon was the Apollo 11.

Send me a picture/video of your rocket on Dojo-I can't wait to see what you create!

The Dumfries and Galloway STEM challenges for this week will also be in the files section on the Teams general page if you would like to give some of them a try.

French - Stationery

Learn the words for stationery in these fun videos with Mr Innes:

[Part 1](#) [Part 2](#)

Play this French game with family at home: Collect some stationary items and lay them out on a table. Everyone closes their eyes whilst one person chooses an item to hide behind their back. Then, everyone tries to work out which item is hidden by guessing in French e.g:

"Tu as un crayon bleu?" - "Do you have a blue pencil?"

Reply: "Oui" or "Non"

Try to include colours if you can! Although in French you say the colour after the item of stationary. The person who correctly guesses gets to hide the next item.

Health and Wellbeing

Fire Safety

[Complete this lesson: 'Fireproof'.](#)

You will learn all about fire hazards in the home and how to prevent fires from starting. A firefighter will show you how to check the fire alarm in your home is safe and working properly. You will also be shown how to create an evacuation plan for your own home. If you'd like to make one, I'd love to see a picture of it on your Dojo profile.

Once you've finished the lesson, you can complete the quiz.

P.E

[Mrs Gray indoor PE](#)

Mrs Gray has made another great PE at home video for you to try!
I am sure she would love to hear from you if you have given it a go!

gw08grayjan@ea.dumgal.sch.uk

[Joe Wicks](#) will be doing his P.E workouts again live at 9am on Mondays, Wednesdays and Fridays. Try and join in with some of these or watch past ones that he has posted.

Try to spend some time outside in the fresh air too!

Send me some pictures of you spending time outside!

I have put a  next to the activities I would like you to prioritise this week.

Don't worry if you don't get every task on the grid completed-just do what you can! Let me know if you need any help with anything!
