

### Literacy-Writing

We are going to create a piece of imaginative writing

To do this the first thing you are going to do is **plan** your imaginative story.

This week you are going to:

- Create a main character for your story and make a description of your character.
- Create a setting for your story-where your story takes place. Draw a picture of your setting and write a description of it.
- Decide what the main event in your story will be.

Have a look at this [Sway](#) presentation with your instructions for this week.

You will find the resources in Teams

**Teams>Literacy>Files>Writing>Imaginative Writing**

Upload your character description, setting description and main event onto the Teams assignment called

**Imaginative Writing Planning**

### Literacy-Talking and Listening

I would like you to listen to an audiobook

Create a front cover for the book you have listened to-remember to include the name of the author.  
Here are some places you can find audiobooks to listen to:

[World Book Day Website](#)

[Virtual Library](#)

[Audible](#) has hundreds of free audiobooks you can choose from.

You could also look for specific books you are interested in on Youtube and see if there is an audio reading of it available.

Create a video book review

Think about a book you have read that you really liked.  
Film a video of you reviewing this book-what you liked about it and why, who would you recommend it to, is it similar to anything else you have read.

Watch [this video](#) about the key things to include in your review.

### Teams Meeting

We will have our Teams meeting this week on Tuesday at 1:30pm.

We will do World Book Day themed quiz this week!

### Literacy- Reading

Continue reading the books assigned to your group.  
Instructions for accessing the books on Oxford Owl are on the Literacy channel on Teams.

SIMON group: The Big Breakfast  
DONALDSON group: The Lazy Giant  
DAHL group: Doohickey and the Robot  
WALLIAMS group: Journey to Mars.

Read a story to someone at home- you could read a book to a sibling, mum and dad, grandparents.

### Masked Reader

Some of you might have watched the Masked Singer TV show.  
I would like to have our own 'Masked Reader' show.  
Create a mask of your to hide your face-the mask can look like whatever you want it to!

Then take a short video of yourself reading a page of a book-remember to disguise your voice! This can be a book you have at home or one on Oxford Owl.

Send me your Masked Reader video along with 2 clues to help others figure out who you are and I will then share them with you all at our Teams call next week so we can guess who is who!

## Maths

### Expressions and equations

Watch the 'Introduction to Function Machines PowerPoint'

**Triangles-** Watch until the slide that says 'Double Vision' and then try the 'Make your own function machine' worksheet.

**Squares-** Watch the full presentation and then try the 2-step function machine worksheet.

### Patterns

Complete the shape patterns on the '[Tiling Patterns](#)' worksheet.

Pay attention to how many dots each line takes up and which direction the lines go.

Then try to make some repeating patterns of your own on the '[Isometric Paper](#)' -this is what the type of paper with the dots on it is called.

### Sumdog Challenge

The Dumfries and Galloway Sumdog contest continues until 4<sup>th</sup> March.

Lets see how high up the table we can get!

## Maths

### Multiply/divide

**Squares-** Watch this [video](#) about division with remainders and then try the questions on Teams 'Squares Division with remainders'. Use things you have at home to help you answer-let me know if you can start finding the answer mentally!

**Triangles-** Continue practising division using grouping, try to start using your times table knowledge to help you answer the questions. Watch this [video](#) to help you. Answer the 'Triangles Division Questions' on Teams.

Play [Hit The Button](#) to help you practice your multiplication and division skills.

### Triangle Maths Group

#### Addition of 2-digit numbers - partitioning.

Watch this [video demonstration](#) to show you how to add two digit numbers using the partitioning method. The second example is a little trickier because the units/ones add up to 10 or more and this is our focus this week.

After watching, have a go at answering the questions below:

$$\begin{array}{lll} 46 + 35 = & 38 + 64 = & 66 + 27 = \\ 55 + 28 = & 44 + 37 = & 72 + 19 = \end{array}$$

After you've had a go at writing down the answers using this method, try to answer these questions mentally in your head if you can, without jotting anything down:

$$\begin{array}{lll} 25 + 27 = & 52 + 38 = & 44 + 47 = \\ 16 + 56 = & 22 + 69 = & 35 + 71 = \end{array}$$

## Topic Maths

### Probability

Probability is the likelihood of something happening.

Have a look at the 'Probability Scenarios Powerpoint'. Read each scenario and decide if it is impossible, unlikely, likely or certain.

Complete the Probability activity sheet by cutting out and placing the events on the probability line and then creating your own ideas for each of the probability statements.

Click on the following link and then scroll down a little to watch the video called '[Probability with Dice](#)' (Some parts in the video are for P5 2<sup>nd</sup> level so P4 don't worry about the trickier concepts yet!)

Complete the 'Probability dice roll investigation' activity sheet. (If you don't have dice at home you can write the numbers 1 - 6 on small pieces of paper instead.)

## World Book Day

March 4<sup>th</sup> is World Book Day.  
We will have a World Book Day theme this week.

### Design a potato book character

Think about a character from a book (not a film or TV character!) and design a potato to look like that character. If you don't have a potato try another type of fruit or veg.

Get creative!

### Watch the World Book Day live events

On Wednesday, Thursday and Friday at 10:30am.  
<https://www.worldbookday.com/events/>

### Create a reading space/den

Create a space in your house to relax and read.  
Make it nice and comfy-  
think about adding pillows, blankets etc.  
Send me a picture of the area you create!

### Dress up as a character

Dress up as a character from a book using items you have at home.

Why not dress up for our Teams call on Tuesday and we will see if we can guess who you are dressed up as?

Have a look at the [World Book Day](https://www.worldbookday.com/) website for lots of other great ideas.

## French

### Food - Fruit

Watch these French fruit videos by Mr Innes to learn the French words for different types of fruit and the key phrases:

**J'aime** - I like..

**Je n'ai pas** - I don't like...

[Video 1](#)

[Video 2](#)

[Video 3 French Fruit Challenge](#)

After watching the videos, can you complete the challenge and post the video to your Dojo profile?!

## Music

Our Feis Rois music sessions will be continuing!  
This will be on Thursday from 2:20pm - 2:50pm.  
Hopefully as many of you can join in as possible, it has been great fun so far!  
Go on the Feis Rois Teams page to check what your task is for this week.

### Kate Picken Music

Enjoy this week's [Primary 4-7 music lesson](#) from Mrs Picken.  
Count on Me - Bruno Mars and Dance Monkey - Tones and I.

## Health and Wellbeing

### Road Safety

Click to take part in this lesson, ['King of the Road'](#).  
You will learn about staying safe on the road whilst walking, on a bike or in a vehicle.

You will become familiar with some 'order' and 'warning' road safety signs and laws.

Which road safety signs can you spot on your next walk around the town?

As shown in the video, can you create your own Road Safety Top Tips poster and share your ideas on Dojo?

## P.E

### Mrs Gray indoor PE

Mrs Gray has made another great PE at home video for you to try!  
I am sure she would love to hear from you if you have given it a go!

[gw08grayjan@ea.dumgal.sch.uk](mailto:gw08grayjan@ea.dumgal.sch.uk)

Try to spend some time outside in the fresh air too!  
Send me some pictures of you spending time outside!

I have put a  next to the activities I would like you to prioritise this week.

Don't worry if you don't get every task on the grid completed-just do what you can! Let me know if you need any help with anything!
