# Better Relationships, Better Learning

## Rationale

Having a sound learning environment at school and in the classroom is key to effective learning and teaching. Effective learning and teaching is dependent on positive relationships established at school and classroom level through relationships between staff and pupils as well as pupils and their peers. A positive ethos within school is the foundation of positive relationships and better learning.

We actively promote the Rights of a Child as identified through the United Nations Convention on the Rights of a Child and these rights play a key role in our school ethos and practices

## Aims

*To create an atmosphere of mutual respect, trust and shared responsibility*

*To promote a positive school ethos through positive behaviour strategies and celebrating success.*

*To raise standards in behaviour and attainment*

*To help pupils develop a sense of personal and individual responsibility for his/her own behaviour.*

All staff are responsible for the maintenance of positive behaviour and relationships in their classrooms, throughout the school and playground. Each class will have on display the vision, values and aims for the school alongside the expected behaviour progression. Class Charters are also being developed in line with the UNCRC. It is the school's aim to maintain good behaviour and positive relationships through positive behaviour approaches with clear guidelines and expectations. Children and parents will be made aware of the behaviour expectations and consequences.

## Positive Behaviour Strategies and Celebrating Success

Clear, consistent expectations at all times.

Well organised learning and teaching that motivates and engages learners.

Praise throughout the course of school day in response to positive behaviour and achievements in learning

Use of discussion time to reflect on behaviours and achievements within the class.

Class points or House points awarded.

Celebrating success in learning through class pages on the school blog.

Whole School assemblies and awards to recognise and celebrate success in learning and behaviours – focus on four capacities.

Some classes identify star writers, achievers, maths champions.

## Roles and Responsibilities

### The HT and DHT have responsibility for:

Being Consistent

Monitoring and evaluating the implementation of the behaviour policy.

Supporting all stakeholders in the implementation of the policy

### Teachers have responsibility for:

Ensuring the behaviour system is clearly understood by pupils

Being consistent when implementing the system and communicating clearly with pupils

Reinforcing that the behaviour expectations apply in all aspects of the school day

Communicating with all stakeholders with regards to a pupil's behaviour.

Providing opportunities for children to reflect on their behaviour allowing them to consider the implications of their behaviour and how it affects others.

### Non Teaching Staff have responsibility for:

Being consistent when implementing the behaviour policy within school and playground environments

Communicating with class teachers and members of the SMT

### Parents/Carers have responsibility for:

Discussing the school expectations with their children

Work in partnership to reinforce school expectations.

Supporting staff with the implementation of the policy

Communicating appropriately (i.e. not through social media) regarding any concerns

Keep school informed of significant changes/concerns which may affect their child's behaviour.

### Pupils have responsibility for:

Understanding the expectations of behaviour, rewards, and sanctions.

Their own behaviour

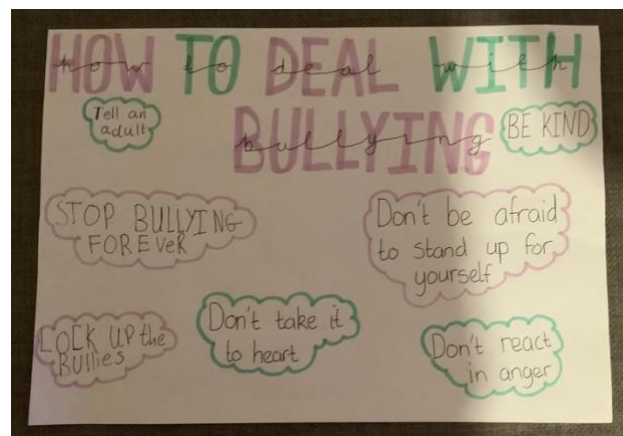

## Anti-Bullying

At Dalbeattie Primary we build positive relationships at all times through the **values** we have within the school. By working in partnership with parents and carers, the wider community, the pupils and all staff of Dalbeattie Primary School aspire to :

- \* Show **commitment** to learning and achievements both in and out of school.
- \* Show **kindness, respect, consideration, honesty** and **good manners** to each other at all times.
- \* Show a sense of **inclusion and equality** by accepting that people are all different, unique and diverse but have equal rights.
- \* Show a sense of **social responsibility** and respect to school, the wider community and globally to promote an ethos of sustainability in our care of the planet.

Through our work in school on SHANARRI – wellbeing indicators (Safe, Healthy, Achieving, Nurtured, Active, Responsible, Respected and Included) and The United Nations Convention on the Rights of a Child, we provide pupils with opportunities to share their thoughts, feeling worries and concerns.

At Dalbeattie, all adults aim to establish open, positive and supportive relationships where our children feel safe, listened to and secure in their ability to discuss sensitive issues. It is essential that adults (at school and home) model behaviour which promotes health and wellbeing and understand anti-discrimination, anti-bullying and child protection policies.

We should always remember that children will:

- tease each other
- fall in and out with each other
- have arguments
- stop talking to each other
- disagree about what they like and don't like

**This is a normal part of growing up and should be distinguished from bullying.** However, an environment where this behaviour is left unchecked, can lead to bullying, making those being bullied feel afraid, uncomfortable and unsafe in their environment.

### **Definition of Bullying**

Bullying is both behaviour and impact; the impact is on a person's capacity to feel in control of themselves. This is what we term as their sense of 'agency'. Bullying takes place in the context of relationships; it is behaviour that can make people feel hurt, threatened, frightened and left out. This behaviour happens face-to face and online.

Bullying can be a complex behaviour which leaves people feeling helpless, frightened, anxious and depressed or humiliated. It should be defined by the person or people affected. It is therefore not always easy to narrow down behaviours into a definitive statement that will cover all actions and situations. However, it is important to recognise and acknowledge bullying behaviours so you can identify them when they are happening

### **Bullying Behaviours can include:**

- Being called names, teased, put down or threatened.
- Being hit, tripped, poked or kicked.
- Having belongings stolen or damaged.
- Being ignored, left out or having rumours spread.
- Receiving abusive text messages, instant messages or emails
- Making you feel threatened or fearful of being bullied
- Persistently being targeted because of who you are or who you are perceived to be
- Persistently being targeted because of others you are associated with.

## Forms of Cyber Bullying

This form of bullying usually takes place in addition to the more familiar forms of face to face bullying and can include:

- Threats or harmful remarks (e.g. by texts, emails, online gaming or social media)
- Harassments (e.g. online chat rooms, via email, phone calls, texts or social media, inappropriate use of images)
- Exclusion (e.g. on social media sites)
- Manipulation (using pictures, videos or previously recorded messages)
- Theft or damage to property

## Prejudice Based Bullying

There are 9 Protected Characteristics under the Equality Act 2010. We have identified some of these here as well as other areas of bullying which as a school we may require further information/help on:

- Asylum seekers and refugees
- Disability
- Racial Bullying
- Sectarianism, religion or belief
- Sexism or gender
- Sexual orientation
- Body image
- Looked after/Care experienced children
- Young Carers

Something need only happen once for a child or young person to feel worried or scared to go to school. It is important to take into account the impact on the child or young person. Actions can affect people in different ways and this should be taken into consideration. If you think the behaviour is bullying, look at the effect it is having on your child and ask them how they feel.

## **Possible signs and symptoms that bullying may be taking place.**

- Changes to their usual routine
- Is unwilling to go to school
- Becomes withdrawn, anxious or lacking in confidence
- Starts to stammer
- Attempts or threatens suicide or run away
- Cries themselves to sleep at night or has nightmare
- Feels ill in the mornings
- Begins to do poorly in school work
- Comes home with clothes torn or property damaged
- Has possessions which 'go missing'
- Asks for money or starts stealing money (to pay bully)
- Has dinner and other monies continually 'lost'
- Has unexplained cuts or bruises
- Comes home hungry (money/lunch has been stolen)
- Becomes aggressive, disruptive or unreasonable
- Is bullying other children or siblings
- Stops eating
- Is frightened to say what's wrong
- Gives excuses for any of the above
- Is afraid of or hides media devices from others
- Is nervous and jumpy when a media message is received

### **What a person being bullied might be feeling:**

- Pain or hurt
- Weak and powerless to make things better
- That it may be their fault
- Fear
- Isolation
- Less confident
- Anxious about making it worse if they tell someone

### **What a person being bullied might be saying:**

- Friends are not talking to them
- They need driven to or from school
- They need more money
- They have lost their appetite
- They have lost their dinner money
- They hate going to that lesson.  
Going on that bus journey/lessons with those people

## What we do as a school when we are notified of an incident:

- The child will be reassured the incident will be dealt with.
- We take the disclosure seriously.
- We keep the person experiencing the bullying informed of all discussions/sanctions.
- A member of the SMT will be notified of the incident.
- An appropriate adult listens to details and records the incident in writing.
- We will speak with any witnesses to the incident.
- If no bullying has taken place (**the incident has been a conflict**) we resolve the issue appropriately using the school's behaviour progression.
- We will talk to the child/children displaying bullying behaviours. The school's behaviour progression will be followed.
- We would contact parents/carers of the person displaying bullying behaviour and follow our behaviour progression.
- We would contact the parent/carer of the person experiencing bullying to inform them of the incident and offer possible appropriate support.
- We would monitor the situation and take appropriate action.
- Where there might be implications with regards to the law, we would contact the police.
- Where appropriate, we would speak to the class or year group or make use of assembly time.
- We would seek help from outside agencies as appropriate.
- All instances of **bullying** are recorded within the Bullying Module on our SEEMIS System. Records are created for those experiencing and displaying bullying behaviours.
