

Stakeholder Feedback

Feedback from pupils, parents, teachers involved in
@SouthWest Connects.

”

Studying with @SWC was a great experience for my child. I was kept up to date with timely reports and given the opportunity to take part in a focus group.

Parent

”

I enjoyed my online classes, and the transferable skills I gained have really benefitted me and prepared me for university where half my lectures are on online.

Pupil

”

Allows students to access courses that might not run in their school. Also, prepares them for life after school – university and college provision for example.

Teacher

”

The lessons are done to a high standard and there's lots of resources given. I also like how the lessons are recorded so you can go back through them at a later date.

Pupil

”

The teacher communicated well and was always quick to respond to any questions... it was a great experience for my child and I felt well informed of her progress.

Parent

”

Pupils find courses engaging and they are well supported. Tracking info is great, communication and organisation is excellent for base schools.
