TERM ONE 2025

NUMERACY

Throughout this term, we will be continuing to use DNK - Developing Number Knowledge. This will be used to support our current maths programmes.

Triangles - will be working on sorting by shape, colour and size. We will also start looking at the numbers 0 to 10.

Rectangles - will be working on numbers to 100.

Squares - will be working on numbers to 10.

Circles - will be working on numbers to 1000.

Pentagons - will be working on adding and subtracting with numbers to 100.

EXPRESSIVE ARTS

In Art, we are going to be creating different pieces in relation to our topic of bees.

In Music, we are looking at nursery rhymes, counting songs and Harvest songs.

In Dance, we are working on copying a pattern to music.

HEALTH AND WELLBEING

In P.E this term we will be focusing on ball skills and team games.

In Health, we are focussing on 'SHANNARI' which is also known as the 'Wellbeing Indicators'. We will focus on one letter each week.

We will also be doing weekly circle time sessions where this term we will be playing a variety of memory games and talking about our emotions.

HOMEWORK

For most pupils, we are continuing to use the Dandelion books for reading and we are finding that these are definitely encouraging the children and allowing them to gain confidence. Homework information will be sent home in the pupils homework diary/bag and if you require any further information regarding this then please just ask.
