Developing an AI Strategy for Schools

AI Strategy, implementation and leadership project for school and local authority leaders in Scotland

Course Objectives: Build awareness and understanding of AI in education (AI Essentials) and the potential threats associated with AI (AI Safeguarding) as well as adopting a strategic, purpose-driven approach to AI use in schools (AI Strategy). Drop-in clinics will provide follow-on support as participants begin to apply what they have learnt to their real-life contexts.

This is a 3 part series to support schools and local authority leaders develop AI in education settings.

- Workshop 1 – AI Essentials: 24th February 2025 – 4- 5:30pm
- Workshop 2 – Safeguarding the use of AI in Education: 10th March 2025 – 4- 5:30pm
- Workshop 3 – Building an AI Strategy: 24th March 2025 – 4- 5:30pm

There will also be opportunities to attend drop in clinics if you have specific questions or are looking for specific support. These will be held on:

- Drop-in Clinic 1: 3rd March 2025, 4-5pm
- Drop-in Clinic 2: 17th March 2025, 4-5pm
- Drop-in Clinic 3: 31st March 2025, 4-5pm
- Drop-in Clinic 4: 12th May 2025, 4-5pm
- Drop-in Clinic 5: 2nd June 2025, 4-5p

Drop in clinics will be informal sessions where participants are invited to come along and share their progress, ask questions and receive support as they navigate the series of workshops and begin to implement AI in their schools and teaching, learning and working practices. Participants will benefit from the thoughts, experiences and feedback of their peers and colleagues as well as the EVR CPD team (Dave & Dina) in these drop-in sessions.
