

Heathhall School ELC Setting Improvement Plan 2026/2027

Please have a look at the key priorities we have identified in order to improve our service to all stakeholders and the learning opportunities for our children

ELCC Priority 1

For 85% of N5 children to be on track or ahead in numeracy by May 2027 in relation to the D&G ACEL flight path.

- All practitioners take responsibility for developing early numeracy skills across the curriculum.
- All practitioners use skilled questioning and interact in a sensitive, responsive and stimulating way
- All practitioners have a shared understanding of children's progress and achievements as they grow and learn
- All practitioners make good use of high-quality observations and interactions to make accurate judgements about the progress being made by our children

ELCC Priority 2

By May 2027, all ELC and P1 staff will demonstrate a shared understanding of children's learning across Early Level, evidenced through joint moderation activities and 90% consistency in professional judgements.

By May 2027, 100% of ELC staff will demonstrate improved knowledge of P1 learning principles and expectations. By May 2027, 100% of P1 staff will demonstrate improved understanding of nursery pedagogy and learning approaches.

- All staff to monitor children's progress across Early Level.
- All staff to agree standards across Early Level with P1 teachers.
- All staff to participate in moderation sessions with P1 teachers throughout the year.
- All staff to spend time in a P1 classroom to observe the learning principle in the P1 classroom.
