3/11/23

Dear Parent/ Guardian,

It has been a busy start to Term 2 with lots of Hallowe'en activities going on in class. Our main topic this term will be Mapping. The overview will be sent to you next Friday.

Although it is a busy term it is important to continue working on sounds, words and mental maths at home. This has already proved to be beneficial as I have seen great improvement in all the children regarding their sounds skills. As we will continue with simple addition in mental maths please remember that mathematical language is important.

As it is often wet during this term we find wellies are a good idea because the children will be out at playtimes if at all possible. Therefore, warm, waterproof coats are important too. I am quite happy to help children into waterproof trousers or suits if they bring them in. Names on both gloves and hats would be helpful. That said two children are missing sweatshirts or cardigans which have embroidered names on them so if you could please check that they are not lurking at the bottom of a school bag I would be very grateful. There are still school jumpers and cardigans without names and when we change for PE we find that one pair of black trousers can look very like another so names come in useful.

As of Monday 6<sup>th</sup> November P1 children should be **dropped off** at the usual gate (car park playground entrance) and walk to class where I will be waiting for them. I am sure that they will manage this and see themselves as being the independent and responsible citizens we are trying to develop. Please continue to come into the playground to collect your child at the end of the day. If you need to give me a message in the morning you can pass it on to the Office and they will let me know.

Remember if you have any questions please pop them in the homework diary or email.

Thank you for your continued support.

Kay McMillan
