

# Nursery Newsletter October 2020

**PLEASE REMEMBER** that we break up for the October holidays on Friday the 9<sup>th</sup> October and return on **Monday 26<sup>th</sup> October.**

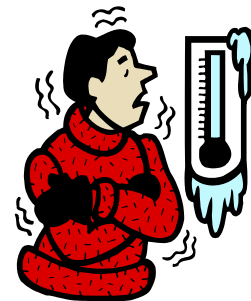

## Hygiene: Catch it – Bin it – Kill it

Within the nursery there is an increased awareness of the importance of good hygiene. It is evident that the children are more aware of the importance of washing their hands and that they are more likely to do it correctly. However, we have noticed that when it comes to coughing and sneezing, not all children are doing it correctly. We have been discussing this with the children. If they are going to cough or sneeze they need to **Catch it – Bin it – Kill it. Will you please reinforce this at home.**

## Wrap up warm!!

Due to the need of increased ventilation within nursery as the windows and doors need to be kept open, it is advisable the children come to nursery with layers of clothing, so they can easily adapt to the different temperatures. Also please make sure your child wears a suitable outdoor jacket and shoes (preferable wellies) to school every day. As we are outside so much at present it would also be very helpful if you sent your child with a pair of wellies.

## Email address

If you have not done so already, could you ensure that the school has a copy of your current email address. As most correspondence currently from the school is being sent electronically it is really important that the school has up to date records.

## Halloween

On **Friday 30<sup>th</sup> October both bubbles** will be having Hallowe'en activities in the nursery. As the likelihood is that the children will not be allowed to go out guising, we are going to give them the opportunity to tell a joke or sing a song in nursery.

The children can come in fancy dress, but **no scary masks** please.

## Road Safety

It has been brought to our attention by a couple of parents that some of the children lack road safety awareness. For the past few weeks the nursery have been taking the children out around the community on road safety walks, constantly reminding them the correct way to cross a road. We will continue this after the holidays.

## Clothes wanted

The Nursery currently has a shortage of clothes for the children to change into if they get wet or have an accident. If you have any unwanted clothes at home, we would be delighted if you donated them to the Nursery. Also, please return any clothes your child has borrowed from nursery. Thank You.

*Best wishes from the Nursery Staff.*
