

Opportunities to share practice

Staff at Lockerbie Primary School firmly believe that the sharing of practice is one of the most valuable forms of CPD. To facilitate this sharing of good practice the following is in place:

- Standing agenda item – SMT and staff meetings will always feature Learning and Teaching as a standing agenda item – this will help facilitate sharing practice
- Learning and Teaching display board in the staffroom to showcase examples of strategies that have been used across the school and their impact
- Whole School Improvement focus on learning and teaching will be identified in the school calendar
- Learning and teaching “chats”
- Classroom observations and a termly focus on one of the Nurture Principles will be in place
