

**Improve the Health and Well-being of all our learners by ...**

- Help all learners to understand what is meant by a healthy life-style including a healthy diet and fitness
- Provide a wide range of activities in and out of school
- Support learners through the use of nurture programmes, Emotion Works and support from professionals
- Make sure our Positive Relationships Framework is clear to all about rewards and sanctions
- Support families to improve attendance at school
- Provide a healthy start to the day through breakfast clubs

**Plan 2019-20**

**Raise attainment and achievement for all learners by ...**

- Using data and information to make sure everyone has the work that is suitable for them
- Work with other successful schools to share good ideas about improvement
- Help families to support learning and become involved with the school
- Provide some positive role models of success as examples for young people
- Develop some staff to become 'experts' in planning and moderating work

**Ensure that our curriculum provides a route to success for all learners by ...**

- Make sure that we can build routes through school to the skills and qualifications that enables our young people to be their best
- Use all of the new and different spaces around school and in the community to make learning relevant
- Continue to work with other schools in the town and beyond to offer a wide range of qualifications
- Review our curriculum to offer more opportunities for STEM (science, technology, engineering and maths), a third language earlier and make links between different subjects for young people
