

## Free Dr Bike session

Dear Parent/Carer

As part of the I Bike project at North West Campus, there will be a FREE Dr Bike session for pupils. These will take place over 3 days.

**P1, P2 and P3 – Tuesday 26<sup>th</sup> November**

**P4 and P5 – Wednesday 27<sup>th</sup> November**

**P6 and P7 – Thursday 28<sup>th</sup> November**

Pupils are invited to bring their bikes to school on the appropriate date, where they will receive a FREE bike safety check. A roadworthy bike is essential for the safety of the rider, without which they will not be allowed to participate in future cycling activities at school, including cycle training.

**Please fill in the slip** if you would like your child's bike to receive the check. **Attach the slip to the bike and bring on the day. No Slip = No Check**

Any problems will be recorded on a bike record sheet and attached to the bike. If bikes are locked, please leave the key at the school office, with a description of the bike and the pupil's name attached. Keys will be left at the office for collection at the end of the day.

Please note:

- In the event of a high number of bikes arriving on the day there may not be the opportunity to check all bikes on the day.
- A free cycle safety check is not a substitute for a full service. Simple adjustments and repairs will be undertaken where necessary. Please see the attached bike record sheet on your bike at the end of the day for further details.

I look forward to seeing all the bikes at School

With thanks and best wishes,

Katie Robinson, I Bike Cycling Officer
