## UNCRC Articles to support our Rights Respecting Schools Journey

Our UNCRC Steering Committee members also thought a monthly update of the articles linked with the Rights of Children we have discussed in assembly would also help. Sometimes the articles are followed up in class that week, and at other times it could be at another point that better suits the learning in class. We hope your child can talk to you about some of the discussions we had in assembly and what they learned about the importance of the right. Below are the articles for December and January.
