

Term 1 Learning Information for Primary 6

TOPIC	Our topics are Science based this term and we will be starting off with Light and Sound, before exploring Materials.
LITERACY	<p>Reading: We are all now in reading groups and have started new group reading books. We will be working on reading with fluency and understanding, building on our comprehension skills and linking our Grammar into our reading tasks.</p> <p>Writing: We have started off the term with letter writing, and will also be working on Report writing towards the end of the term.</p>
NUMERACY	We have started this term with looking at place value, whole numbers, negative numbers and rounding. We will follow this up with revisiting the four operations and applying them when solving problems.
PE DAY	P.E will be on a Tuesday and a Friday. Children can come in a PE kit but should all be wearing school jumpers during class time.
