

Term 4 Learning Information for Primary 3/4

TOPIC 	Our topic work will focus around our class novel 'A Bear Called Paddington'. We will use this as a stimulus for our writing and comprehension work. For Science this term, we are going to be learning about the Human Body. The children will learn about the skeleton, major organs and digestive system.
LITERACY 	In Literacy, we continue to focus on more reciprocal reading strategies and comprehension skills in group and whole class situations. We will continue to learn new spelling patterns and grammar skills using the Jolly Phonics programme. Spelling words can be found in your child's homework jotter. In writing we will continue to focus on our CYPIC writing with a focus on using sentence openers and describing words.
NUMERACY 	In Numeracy we will continue to extend our knowledge of number through division and continue to focus on our mental maths skills through the use of SAMSON Maths. As the term progresses we will begin to focus on subtraction and Fractions. For maths this term, Miss Teasdale is focussing on Measure.
OTHER INFORMATION 	PE will continue to be on a Wednesday afternoon. Remember to wear a school jumper on PE days and have a plain top for PE. An extra jumper can be brought for the lesson. Miss Teasdale will continue to be in Primary 3/4 to cover RICCT on a Wednesday.
