

Term 4 Learning Information for Primary 5

TOPIC 	<p>This term our topic will involve learning about the body, in particular the digestive system, circulatory system and the respiratory system as well as revising where in the body certain organs and body parts are.</p>
LITERACY 	<p>This term writing will involve producing a report, diary writing and comic strips. The class are writing 3 times a week for 15 minutes and completing some good pieces.</p> <p>Reading will continue to involve class reading as well as reading for enjoyment. At the moment we are working on non-fiction texts and using these to find out information and consider how to display the information in our own words. Note taking will also be a focus through this.</p>
NUMERACY 	<p>We are continuing to work on fractions, decimals and percentages. After our work on mental division last term we will do more on written division. The 7 and 8 times tables will be our focus and we will use these in topics such as area and problem solving. The class will also be involved in measure activities throughout the last term.</p>
OTHER INFORMATION 	<p>P.E continues to be on a Friday, however it would be handy if you could have some sort of sportswear in their bags every day. As the weather is good we will hopefully get the opportunity to get out whenever possible. Remember, school jumpers as sportswear is only worn during the lesson. Plain tops for PE please.</p> <p>On Sports Day P5 will be selling teas and coffees to parents and families who come to watch the children that day. As usual the cost is still £1</p>
Dates for the Diary	<p>Friday 20th June; P5 School Trip to the Royal Highland Show (info to follow soon)</p> <p>23rd May – Pre-fun Day – Fun Day Parent Council evening</p> <p>12th June Sports Day</p> <p>19th June Moving Up afternoon visit</p> <p>27th June Church Leavers' Service</p>
