

Daily Activities

SECOND Level

1.6.2020—19.6.2020

Upload evidence of 3 of these activities daily, one from each area.

Numeracy

Literacy

Health and Wellbeing

Complete a BBC Bitesize activity.

This can be one of the daily maths lessons or a lesson from the following topics to consolidate this term's learning: Measure, Shape, Symmetry, Data Handling or Number Processes.

Continue to complete 2 SAMSON strip-sheets a day.
If you finish your booklet, continue to practise the strategies, so that you don't forget how to tackle the calculations!

Practise your spelling words daily so you can achieve full marks in your spelling test on Friday!

Make sure you know the meaning of all your spelling words.

Target Time Writing

Look out for the daily photo!

A target will be posted alongside each photo, please focus on the specified target when completing your 15 mins of writing.

Do something that makes you smile every day. It could be drawing a picture, playing a game, listening to music etc.

Try to also do something that will make someone else smile too!

Each day complete a task either from Mrs Foster or Ms Davis.

PE and Music are both excellent for our wellbeing!

Complete 1 activity from the 2nd Level June Calendar

OR

Play a maths game on Topmarks.

Make sure you complete each activity at least once a week, don't always choose the same one!

Come up with an activity that links two or more maths topics together. For example, time and money.

Use your imagination and make your activity fun!

Try to complete 30 minutes of reading daily.

How many AR quizzes can you complete?

Communicate! It is so important to keep in touch with others.

Think about all the different ways you have used to communicate during the lockdown.

Try to use a different method of communication each day of the week.

Take part in some daily exercise. You could try: cycling, running, walking, scootering or even skating!

Keep a record of your daily exercise – the exercise you completed and how long for.

Make sure that you are being healthy by eating your fruit and veg, drinking milk and water.

Help to make a healthy meal for your family.
