

Dumfries and Galloway Carers Survey

The Scottish Government have published a **National Carers Strategy**. The Integration Joint Board (IJB) are developing a local Carers delivery plan with local people including Carers and support organisations.

Please complete the Carers Survey on
https://www.surveymonkey.com/r/DG_Carers_Survey
or by using the **QR code** at the bottom of this flyer

This will help us to

- understand the experience of Carers and how well they are supported
- develop a local delivery plan that meets people's needs

The survey is just one way you can get involved. You can also contact the Health and Social Care Partnership's Strategic Planning team by emailing **dg.spcp@nhs.scot** or phone us on **01387 272734** to request a paper copy.
