Transport arrangements

The current arrangements for all school coach travel for pupils travelling from the Whatriggs PS and Onthank PS catchments will remain in place, with the drop off and pick up at the **coach bays in Sutherland Drive.**

Pupils who travel by taxi or people carrier to the campus via ASN or attending Gaelic, will be dropped off and collected at the zoned parking areas within the campus.

We ask that all drivers respect these defined areas for school transport.

Travel to the Campus

Whenever possible, children should travel by scooter, bike or walk and a handy online map has been produced identifying the most convenient route to and from school. This can be viewed here:

www.eac.eu/wmmcilvanneycampus

The Campus will be promoting a 'Park and Stride' policy - this means driving part of the journey and walking the last 5 or 10 minutes - this keeps cars well away from the roads around the school.

There are three Park and Stride areas complete with zebra crossings at MacKellar Place and MacFarlane Drive which lead to the footpaths allowing access to the school campus. Indicated on the route map.

If a car is essential for the journey, parking or drop-off should NOT take place in the immediate area around the campus – this reduces visibility for drivers and pedestrians and puts those travelling on foot, by bike or by scooter at risk.

Please observe traffic management measures and be mindful and respectful of local residents.

Three new puffin crossings will be installed at London Road at Melville Street, Holehouse Road at Melville Street and Grassyards Road south of Lindsay Drive.

School Crossing Patrol locations are also indicated on the map.

Entrance to the school should be kept clear at all times for emergency vehicles
