

Task for all children from P1 to P7

We are starting our latest adventure this week— becoming Stay at Home Superhero.

Becoming Stay at Home Superhero will be tricky but will help the world beat the virus.

To help show our superpower to the world the first task is everyone should create a rainbow.

You can make it any shape, size, material. You can be as creative as you like but you must be able to put it up in your window to show that you are a Stay at Home Superhero.

When you have completed your task out it up in a window that people can see it passing by or from their windows if they are stay at home Superhero as well.

Lets see how brilliant we can be. If you can, upload a picture to your Loanhead teams.
