

Dear Primary One

I hope you have had a good summer and are excited about starting school.

As I promised when you came for a visit we have created a ThingLink for your classroom spaces to let you explore your rooms helping you to settle in. When you click on the purple stars that pulse. These will give you a little bit of information when you click on them.

I hope you enjoy having a look around. Remember to look at both spaces as you will get to learn in both of these areas.

Mr Devlin and Mrs Poulter are looking forward to seeing you all again.

See you soon

Mrs Milne
