

Loanhead Primary School

P1B Class Newsletter

Miss Love

Term 4 - May 2024

Literacy

We have been learning to

- Identify digraphs ph, wh and ee.
- Construct sentences independently.

Next, we will be learning to

- Write short descriptions.
- Read simple sentences independently using our phonics knowledge.

Numeracy

We have been learning to

- Compare objects by height, width, and weight.
- Recognise coins up to £2 and give the correct value for items up to 20p.

Next, we will be learning to

- Subtract within 20.
- Identify 'o'clock' on a digital and analogue clock.

Learning across the Curriculum

We have been learning to

- Identify safe and harmful substances.
- Say the months of the year in French.
- Describe the roles of people who help us.

Next, we will be learning to

- Identify features/life cycles of minibeasts.

The celebrations continue in Primary 1B, we have had 9 birthdays since our last newsletter. Almost all pupils have achieved their bronze award, and three pupils have achieved their silver award!

For our final term, we are looking forward to investigating different minibeasts including their habitat and diet. Also, preparations for our class assembly will soon be underway!
