Topic Our topic is Japan.

Here is some of the things we have done for our topic:

We have researched different Japanese buildings like Tokyo Tower, then we made our own buildings using recycling and the construction techniques we learnt.

We watched anime and made our own and learnt to write in Japanese.

We made our own sushi with rice, seaweed, cucumber and teriyaki sauce and ate it, I liked it.

We have researched different Japanese eras like the Showa era and found out about things like the wars and battles and the clothes they wore.

This has been a very successful year in Primary 4 and everyone should be proud of themselves. Thank you for all the hard work and effort that has been put in this year and I hope this continues in Primary 5.
Good Luck! – Miss Day.
