## P6/5 Class Newsletter

Mrs Gilmour-McGuire & Mrs Hogarth

Term 1 - September 2025

We've had a fantastic start to the year, and it's been wonderful to see the children dive into new challenges with enthusiasm. We're so proud of how well P6/5 is settling in and embracing the new school year. Let's keep this autumn energy flowing as we learn, create, and grow together.

### Numeracy

We have been learning to

- Identify the properties of 3d shapes
- Round numbers to the nearest 10, 100 and 100

Next we will be learning to

- Solve mathematical problems using a range of strategies.

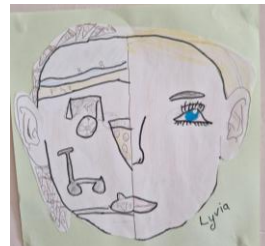

### Literacy

We have been learning to

- Find the main idea and supporting detail in a text
- Identify the features of a non-fiction text

Next we will be learning to

- Make and organise our own notes
- Make our handwriting neat and legible

### Health & Wellbeing

We created 'Inside Out' portraits in Health and Wellbeing showing our physical characteristics and our personality.

### Learning across the Curriculum

We have been learning

- To Identify and classify living things
- About food chains and food webs
- About the importance of friendships

Next we will be learning

- About the Victorians

### Homework Corner 📖

This term, homework will focus on practising times tables and reading for pleasure. Each child will have the opportunity to choose a book from our library to bring home and enjoy. We encourage families to support reading at home and make it a cozy autumn activity! Children should practise their times tables weekly and will take part in a times tables quiz every Friday to track their progress.
