

# Loanhead Primary School

## P5 Class Newsletter

Mrs Johnston

Term 3 - January 2026

### Literacy

We have been learning to:

- work out unfamiliar word meanings;
- use headings, annotated diagrams and captions;
- perform our Scottish poem using facial expression, body language and voice.

Next we will be learning to

- use interesting sentence openers;

### Numeracy

We have been learning to:

- use multiplication facts to help us divide
- make our own division word problems;
- record division calculations.

Next, we will be learning to:

- recognise and continue number patterns
- convert measurements cm to mm

### Learning across the Curriculum

We have been learning to:

- create a dance as a group
- research facts about the heart within our topic The Human Body
- create vintage Scottish adverts art.

Next, we will be learning:

- about the digestive system
- stay safe on the internet

Mustafa is pleased he is improving his comprehension in reading. Daniel, Nicholas and Lucas D are happy they are getting better at working out the meaning of words in a text. Andrew and Leo are feeling happy about their improved focus in class during maths. Lucas R and Noah W are happy they are learning about square roots in maths. Ritika, Jye, Lillie, Emilie, Noah P and Megan feeling very confident when researching different topics and taking notes in ICT. Sophia, Lyle and Bailey are happy that their mental maths is much quicker. Finn, Aaden, Samuel and Fraser can play a great rhythm on the drums! Lewis is pleased he has settled in his new class and made some new friends.

Here are some of the fantastic pieces of non fiction writing we have been working on.
