

Reading strategies

Skill - to decode (work out) how to read a word by looking for little words inside it.

REMEMBER

It doesn't matter if you already know the word. You are practising this skill so that you can use it when you come across a word that you don't know.

Write one little word you can find inside each word.

	<u>Word</u>	<u>Little Word</u>
(1)	potatoes	pot
(2)	donkey	_____
(3)	farmer	_____
(4)	carefully	_____
(5)	spilled	_____
(6)	carried	_____
(7)	scratched	_____
(8)	beekeeper	_____

Choose any 4 words and write sentences with them.
