

Traditional story maths

Family Maths
Toolkit

1. Add the number of bears that Goldilocks met with the number of dwarves that Snow White met.
2. Double the number of Billy Goats Gruff and then add the number of trolls under the bridge.
3. The Prince looked for Cinderella for 2 weeks. How many days is that?
4. There are 7 dwarves in Snow White. How many shoes would they need altogether?
5. Baby Bear eats 5 boxes of porridge a week. Daddy Bear eats double that amount. How much does Daddy Bear eat?

Do you know any other stories you could make up a maths question about?
