

Let's READ!

## Reading Books for Home

Over the next few weeks, every pupil from P2 to P7 will be coming home with a reading book so that they can practise their reading at home.

We have spent a lot of money buying new reading books and book bags to keep them in, and we appreciate your help in showing your child how to look after the reading books properly.

Class teachers will always explain to the pupils how much of the reading book they should attempt at home—it would be great if you could find a nice, quiet time in a busy week to read regularly with your child.

*Reading books are very expensive—if an accident does happen please let us know as soon as possible.*

Reading aloud and having someone read to them is hugely important to a child's literacy development, so we hope that you enjoy sharing these wonderful books at home.
