Results of our surveys

Snack consultation results. All Parent/guardians who contributed were happy for the provision of fresh fruit to continue.

Secret Inspector Questionnaire: The area that was highlighted to improve is including Parents and Carers in their child's learning. A few parents asked about coming into the playroom eg. Stay and Play. Unfortunately at this time, we are unable to welcome any visitors (including Parents and Carers) into the Centre. We will update you once guidance changes.
