Sports Day - Polite Request

In our school and ECC, we have some families who do not wish for photographs or videos of their child/children to be taken during whole class or wider school events. Hence, we would respectfully ask that parents/carers only take photographs of their own child/children on such occasions. There will be opportunities to do this before and after the various activities and staff will be on hand to support this where required. Many thanks for your understanding and cooperation on this matter.

If you require any further information please speak to Joanne or contact the Main Office.

Thank you.
