### Reading

Please log in to Bug Club this week.

[www.activelearnprimary.co.uk](http://www.activelearnprimary.co.uk)

Keep an eye out for the quiz symbol (bug head) as you read, and try to answer the quizzes as you read. Try to read on two or three separate occasions for at least 10 minutes this week.

### Spelling

Twice this week choose 10 words (these can be the same or different if you feel confident with the words in your Notebook) from your spelling grid, located in your class Notebook and practise how to spell them using an activity from the spelling grid.

### Health and Wellbeing

Last week you investigated reasons for not smoking, this week I would like you to investigate something you should do to help improve your health and wellbeing. For example: health food choices, exercise or sleep. Find three facts you could share with the class.

### Numeracy and Mathematics

This week, create 5 addition and subtraction challenges for a peer to calculate, Remember to consider links between times tables to help make the calculations possible!

### Euro Quiz

This Thursday, we will all be participating in a Euro Quiz online. We will research and study in class. Please spend some time looking into the following website. The categories are countries (flags, capital cities), current affairs and languages.
