### Numeracy and Mathematics

This week we are going to be revising what we have been learning about in class. Please complete the exercise in your home learning jotter.

### Health and Wellbeing

We have continued to develop our skills through the Wellbeing Champion training. Our focus last week was on mindfulness and Growth Mindset.

Choose one of these areas and share your learning. You can record your knowledge in a method of your choice – a poster, Sway, PowerPoint, paragraph, illustrations – the choice is yours!

### Spelling

Twice this week choose 10 words (these can be the same or different if you feel confident with the words in your Notebook) from your spelling grid, located in your class Notebook and practise how to spell them using an activity from the spelling grid.
