

Global Goal and Right of the Fortnight

November 2025

Our focus theme: World Children's Day

Our Global Goal number 3 is all about promoting health and wellbeing and article number 4, which is that the government must make sure that children's rights are protected. We have been learning about the ABCDE of Rights and that all children up to the age of 18, all over the world can realise all articles of the UNCRC – United Nations Convention on the Rights of the Child.

Our Rights Respecting Squad are focusing on 'International Aid' as part of the Outright Campaign and looking at what we can do to support all children in accessing their rights across the world. They shared their learning at assembly this week and are focussing on specific articles as part of their work.
