

Global Goal and Right of the Fortnight

November 2025

Our focus theme: Road Safety Week

Our Global Goal number 3 is all about promoting health and wellbeing and article number 19, which is the right to being protected from harm. We have been talking about Be Bright Be Seen at our assembly and in classes. We have been learning about how to cross the road safely and suitable clothing to wear when out and about in the dark mornings and evenings to ensure drivers and road users can see everyone and keep us safe. This Global Goal and article cover many areas about being safe. We will learn about these again within different themes.

To watch a short video about Global Goal 3, please visit:

We enjoyed many activities throughout the week focusing on this theme. Thank you to our Junior Road Safety Officers for planning an assembly and 'Be Bright Be Seen' activities for our ECC and all classes.
