

## Global Goal and Right of the Fortnight

January 2026

Our focus theme: Equality

Our Global Goal number 10 is all about reducing inequalities. Through our assemblies in January, we are discussing what this means. Reducing inequalities aims to eliminate all forms of discrimination, for example, race, gender or age and to ensure that everyone has the same opportunities. We are linking our learning Global Goals 4 in December, where we learned that not every child across the world can access education.

To watch a short video about Global Goal 10, please visit:

Article number 2 states that all children (up to the age of 18) have the rights in the UNCRC Rights of the Child. Article 23 is about ensuring all children have the right to special care and education, if they have a disability. We are learning about ensuring everyone gets the support they need.

Please also check out our Blog to find out more about all our Global Goals and Rights Respecting work:
