

## Global Goal and Right of the Fortnight

March 2026

Our focus theme: World Water Day

Our Global Goal number 6 is all about ensuring everyone around the world has access to water which is clean and safe to drink and use. We are learning about this through World Water Day at our assembly, why water is important and the barriers some people face to accessing clean water around the globe.

To watch a short video about Global Goal 6 please visit:

<https://www.youtube.com/watch?v=dpaUBRl8c6A>

Article 24 is all about the right to be as healthy as possible, which includes the right to access to clean water. Approximately 1 in 3 people across the world do not have access to clean water. We are learning about the impact of this, and the help people need to access clean water. We are also learning about being responsible with water use.

Please also check out our Blog to find out more about all our Global Goals and Rights Respecting work:
